Customer Problem Statement Template:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1 (Citizen)	A citizen who wants to report civic issues in their area.	Register complaints, provide issue details, and track complaint status.	Traditional complaint systems can be slow and difficult to track.	There is no centralized platform connecting citizens with complaint administrators and agents.	Frustrated, uncertain, and unable to know the progress of my complaint.
PS-2 (Administrator/Agent)	A civic administrator or complaint-handling agent managing public complaints.	View, prioritize, assign, update, and resolve complaints efficiently.	Managing complaints manually can be time-consuming and difficult to monitor.	There is no centralized system for complaint assignment, status tracking, and role-based management.	Overwhelmed, inefficient, and lacking transparency in complaint resolution.
